❖ Selected Council Entrées ❖

Neighigh Crustal Bean Tofu

A daring, yet ambiguous choice for any serious culinary aficionado. The bland after-taste is enhanced with Hawaiian poi-flavored hyperbole. Prepared in a city that contains nuts.

Horrid Leiph Pork Chop Wood

This is a very colorful diversionary flied lice dish, complete with a flavor enhanced chunk of pompous ham, served with a plethora of sweeping opinions, which is then lightly roasted in a pseudo progressive roux for color.

Smith Danaman Beef Curry (Chef's Choice!)

 A delicate but strong flavored entrée that complements & enhances whatever it is paired with. Especially useful for “toning down” those neighboring super-spicy dishes.

Sim Jears Rolls (Chef's Choice!)

 Once the “mystery meat” on the menu, now a proven, more entertaining version of egg rolls, enhanced and cooked with Craftsmen tools.

Selvi Write-In Rolls (Chef's Choice!)

 A lighter, more delicate version of egg rolls, enhanced with a dedication to community ideals, perms, streaks and the latest razor cuts.

We cater Tea Parties & Coffee Klatches

❖ 2018 Edition ❖

The following menu is being presented as a leisure service of the Silvertongue Apple-Peal and represents a satirical parody. Any resemblance between real Silvertron candidates was clearly intentional. As such, it contains no Monosodium Glutamate.

❖ Full Dinner Mayoral Menu for 2018 ❖

Most candidates are served with traditional, long-winded, steamed hyperbole. We are happy to honor any special political request, but these may take a little longer to prepare, depending upon the number of remaining penny parking meters juxtaposed with dynamic civic theatics.

Mayor Sztu's Chicken (Mao Mangled Mensa)

A flamboyant large stuffed breast coated in low-cut sequin, draped over patent leather pumps, slow-cooked with a faux populist sauce, heavily sautéed in negative hyperbole. Pairs with a variety of soft drinks and real creamery buttered popcorn.

Pyle Kal-Mer Chicken (Fing Ger Lickengood)

Diced urban hen deep-fried in Willamette Canola oil with a rational logic garnish of community elbow grease. Pairs with any number of high-octane "Girlie Drinks..."

A 15% System Development Charge will be added to each order
